

Product Addendum

InnoFlue®

Polypropylene Vent Systems

Centrotherm

10' Effective Vent Length: **STORAGE**

As **InnoFlue®** vents include a socket on each length, they cannot be stacked like traditional thick wall male/male pipe lengths.

Store **InnoFlue®** in the original packaging to prevent excessive ovaling and bowing associated with prolonged unlevelled storage.

Typical storage methods are detailed in the photos below.

10' Effective Vent Length Storage
2018.02.10 | Rev 1
