

# HYDRO-RAIN®

Built for Speed®

## CUSTOMIZED CONTROLLERS!

Advertise your company, build your brand, and differentiate yourself from your competition with every installation. Hydro-Rain's customized controllers allow your company name, logo, phone number, and website to be printed on every controller you install.

### IMPRINT-ABLE CONTROLLERS:

HRC-400-WF-08L (04080L)  
HRC-400-WF-16L (04082L)

HRC-100-C-04L (04054P)      HRC-100-C-09L (04059P)  
HRC-100-C-06L (04056P)      HRC-100-C-12L (04052P)

### INSTRUCTIONS FOR ORDERING:

1. Place an order at your factory-authorized Hydro-Rain® distributor.
2. Submit your one color company logo, combined with any other information you want printed, as a vector file (.eps or .ai). If you do not have a vector logo, we can convert original image and .pdf files. Additional charges may be applied. Scanned images are not acceptable. Pictures and large fonts work best. Logos on HRC 400 controller doors are printed in black, logos on HRC 100 controller doors are printed in white.
3. Logo controllers will be delivered to your distributor in 2-4 weeks. Initial order may take an additional 5-10 business days to prepare artwork. Minimum lead-time required is 10 business days.

Minimum order: 24 units (in case pack multiples) in any combination of station counts. (HRC-100 and HRC-400 controllers cannot be mixed to meet order minimums.)

One time setup fee of \$25 per logo.

PLEASE NOTE: Due to the customized nature of the controller, non-defective product returns are not accepted. Hydro-Rain is not liable for unreadable type.
