

KING CM True RMS Milliamp Clamp Meter

- 0.001mA Current Resolution
- True RMS Measurement
- Display Backlight
- Data Hold
- Peak Value Capture
- Auto Power Off
- Zero Function
- Continuity
- Autoranging
- CAT III 600V

SKU# 42095 KING CM - Card of 1

Clamp Meter

- Precise True RMS Circuitry
- Integrated non-contact voltage detection
- Data hold capability to maintain reading on display
- Auto power off functionality to save battery life
- Designed & tested according to cETLus standards & is CAT III 600V rated

SKU# DSA600TRMSR Clamp Meter- 1 per pack

Clamp Meter Line Splitter

- Splits current loop for convenient measurement in applications where separation of wires could endanger integrity of insulation
- Separates hot & neutral conductors of power cords when testing AC amp draw of light duty machinery, power tools, appliances & lamps
- 1x & 10x measuring capability
- Probe slots for voltage measurement with a voltage tester (not included)
- A must-have accessory for clamp meters

SKU# E1 Clamp Meter Line Splitter- 1 per pack

Pocket Digital Multimeter

- Measures AC/DC Voltage, Resistance, Frequency, Continuity, Duty Cycle, & Diode Test
- Auto ranging
- Overload protection on all ranges
- Data hold feature captures the reading on the display
- Auto power off & low battery indicator
- 3999 Count LCD Display
- Relative delta displays changes in reading
- Pocket-sized design for easy use, storage & transportation
- Designed to CAT II 600V

SKU# DM4A Pocket Digital Multimeter- 1 per pack
