Cancellation of Custom Painted Material

NON-REFUNDABLE

Our Decorator Series and painted Commercial baseboard painted material is considered custom and cannot be cancelled once the painting is completed. If the material has not been painted, before the time of the order cancellation, there is no charge.

Once the order is shipped and or painted, this material cannot be returned or cancelled.

If you would like to cancel your order, then you must call us directly at 516-484-2610 ext 369. Customer Service will take the information and let you know if order can be cancelled. If you do not contact us in time or if you attempt to cancel via e-mail, causing a delay in the cancellation, and your order ships, then you will be responsible for any and all shipping fees, along with the cost of the material.

Decorator Series

Full Enclosure • Replacement Cover Colors to enhance any decor!

Finely crafted enclosures that are powder coated to provide an attractive, durable, baked enamel like finish that provides resistance to abrasion, impact, corrosion and chipping. We offer 11 architecturally pleasing colors, with paint chips available upon request. Slant/Fin's Decorator Series is an affordable option to take decorating to new heights.

Full Enclosure

Our Classic 30 Series and our premium Hi-output 80 Series style Baseboard covers are powder-coated, with 11 Decorator Colors to choose from, including our popular Brite-White. Both options are perfect for new installations and full remodeling efforts so you can maintain the comfort of Hydronic Heating while enhancing your décor. (Brite White or NuWhite has no minimum quantity requirements to avoid the setup charges)

Baseboard Replacement Cover

≡ Revital/Line[®] ≡

Easy Snap-on Replacement Covers. Revitalize any room quickly and easily. No tools required for most installations. Designed to fit over 90% of standard residential baseboard, measuring 8.5" H x 3" D. The standard Color is Brite White with 10 other colors available. Perfect to use for one room or renovations of your whole house.

For use with hydronic baseboard only.

Hydronic Floor Box

BONDED ZINC FINISH

The Slant/Fin Hydronic Floor Box is a recessed floor mounted assembly that provides high heat output at patio doors, floor length windows and other areas where wall mounted radiation is impractical. The Hydronic Floor Box is designed to utilize a 5 foot H-3 ¾" heating element and may be installed as part of any ¾" copper tube system. Overall box dimensions are 8 ⅞" deep X 6 ⅞" wide X 62 ⅞" long, top grille is 8" wide X 65" long.
